
Freakduino 900MHz?

Posted by Shae Erisson - 2011/05/24 09:33

Now that Android@Home is rumored to be 802.15.4 at 900MHz, will you be selling a 900MHz Freakduino?

Heh heh heh. I have many designs that are ready to release. I'm just loaded down with a lot of work for the hackerspace and radiation mapping at the moment. They should be coming soon :)
